NEWBERRY FARM DIFFERENCE

We believe in training our clients and horses to be strong and independent thinkers. We educate about horsemanship, friendship, kindness and riding- not just horse showing.

All day summer programs are fun filled and educational. We offer all day programs and part day programs. Please select either all day or half day depending upon your child's needs and abilities. Typically those under the age of 5 attend for 1/2 day as do Therapeutic clients.

What is **STONE ACRES THERAPEUTIC RIDING INC.**? SAFTR is a 501c3 division of Newberry Farm providing services to therapeutic clients utilizing the facility and specially trained instructors and horses of Newberry Farm. Therapeutic clients are identified as such by referring agencies, parents, self and instructors. Our program is unique as we integrate clients of both divisions to allow friends and families to participate together and to avoid labeling.

Junior staff positions are available to students over the age of 14 who have shown interest in helping others and learning about working with horses and /or children. Please contact CK for availability. Junior Staff attends the program for 1/2 price and typically stays from 8:45 am - 4:00 pm.

*** Second Child or Multiple week discount of 50 dollars should be applied to second week or second child from the same family attending***

*** Vacation interfering? Do Partial week- Day rate is \$80.***
